Enclosures

FROM

The Registrar,
University of Madras.

TO

The Secretary to the Government,
Home (Education), Department.

S i r,

I have the honour, by direction of the Syndicate, to submit under regulation 5 (d) of Chapter XIV for disposal by His Excellency the Governor in Council the accompanying application from the Correspondent, St. Ann's High School, Mangalore, for the affiliation of the institution in Group iii (Histories, Logic, Kanarese, Malayalam and French) of the Intermediate Courses together with copies of the proceedings of the Syndicate and the Senate on the subject and of the report submitted by the Syndicate he Senate.

At its meeting held on the 4th March 1921, the Senate recorded its opinion that the affiliation may be granted by Government.

I have the honour to be,
Sir,
Your most obedient servant,

K Ramunni Menon
Ag. Registrar.

UNIVERSITY OF MADRAS.

Extract from the Minutes of the Syndicate passed in Circulation, dated, December 12, 1920.

Read letters Nos. 64 and 75, dated 16th October and 1st December 1920, from the Correspondent, St. Ann's High School, Mangalore, submitting an application for the affiliation of the High School as a second grade college providing instruction in Group iii - Malayalam and French for selected languages;

together with the report thereon of the Affiliation Committee of the Syndicate.

Resolved that Miss de-lay-Hey and Srimati Parukutti Amma be appointed a Commission to conduct a local enquiry at the institution under Section 21 (2) of the Act.

Extract from the Minutes of the Syndicate passed in Circulation, dated, February 11, 1921.

Read letter, dated 6th February 1921, from Miss D. dela-Hey and Srimati Parukutti Amma, submitting their report of the local enquiry conduct by them at the St. Ann's Girls High School, Mangalore, in connection with the application for the affiliation of the institution as a second-grade college providing instruction in Group iii of the Intermediate Courses of study with Kanarese, Malayalam and French for selected languages;

together with the report thereon of the Affiliation Committee of the Syndicate.

Resolved that the Management be asked to give an assurance that the sum of Rs.20,586-3-1 referred to in the Commission report under "(9) Recurring Expenditure" would be at once transferred to the College Capital Account, the income from which is to be devoted to college recurring charges.

Extract from the Minutes of the Syndicate passed in Circulation, dated, February 15, 1921.

Read Telegram from the Correspondent, St. Ann's High School, Mangalore, stating that the insured funds will, as recommended by the Inspection Commission, be transferred to the College Capital Account.

Resolved that it be a recommendation to the Senate that it record its opinion that the application for affiliation may be granted by the Government.

(True Extracts.)

Senate House,
March 16, 1921.

Ag. Registrar.

University of Madras.

Report of the Syndicate upon the application from the Correspondent, St. Ann's High School, Mangalore, for the affiliation of the Institution in group iii (Histories, Logic, Kanarese, Malayalam and French) of the Intermediate courses.

The Syndicate reports the following correspondence relative to this application :—

Letter No 64, dated 16, October 1920, from the Correspondent, St. Ann's High School, Mangalore, to the Registrar, University of Madras.

I have the honour to submit an application for the affiliation of the St. Ann's Girls' High School, as a Second Grade College, providing instruction in Group III of the Intermediate courses of study with Kanarese, Malayalam and French for selected languages.

(*a*) *Management* :—The College will be under the management of a Governing Body consisting of the Rt. Rev. Paul Perini S. J., D. D., Bishop of Mangalore; Rev. Mother Aloysia, Superior General of the "Apostolic Carmel," (the institute that has devoted itself to female education in South Kanara and North Malabar for nearly fifty years); Sister Isabel, Head Mistress, St. Ann's High School; Sister Magdalene, Head Mistress, St. Ann's Secondary Training School for Mistresses, Mangalore; Miss Edith Beale, B.A.; Miss Violet Leeks, B.A., (Hons): Sister Candida, B.A. Part I; the last four representing the teaching staff. The Committee has been incorporated under Act XXI of 1860.

(*b*) *Staff* :—The staff will consist of a Principal and Lecturers. Instruction will, for the present, be confined to Group III. It is proposed to appoint lecturers in English, History and Logic; Tutors in English, French and Malayalam; and a Pandit in Kanarese. The work of the Lecturers will lie entirely in the College classes. The scale of salaries of the staff will be found in Appendix A.

(*c*) *Buildings* :—Appendix B is plan of the portion of the High School Boarding House in which it is proposed to hold the College classes for at least two years. Sanction has been obtained from the Director of Public Instruction to utilise a part of the Boarding House for College purposes as class rooms and for Hostel accommodation. The plans show the size of each room.

Appendix C is a plan for the site wherein the permanent college building will be erected It affords ample room for sports for physical exercises, as well as for future expansion, the College rooms will accommodate forty pupils; the hostel, twenty and one Professor.

The Sisters and Lady Professors engaged in teaching will reside on the premises.

Special Hostel arrangements will be made for Indian Students; a lay teacher will be in charge of Hindu Students. Three cottages on the premises will be placed at their disposal.

(*d*) *Library* : A separate Library for the college will be provided at an initial outlay of Rs. 5000 with an annual allotment of Rs. 500 for additions to it.

Appendix D is a list of books that will be indented for.

(*e*) For the present, affiliation is not sought in any branch of experimental Science.

(*f*) Four Sisters and Lady Professors engaged in teaching will reside on the premises and will be constantly in touch with the students.

(*g*) Financial resources :—Appendix A shows the salaries of staff and other such recurring charges as Library, Repairs, Contingencies; these will be met from funds of the Institute, amounting to Rs. (1,00,000) one lakh, invested in the Madras Bank, Mangalore, in the Coimbatore District Urban Co-operation Bank, Coimbatore, and in Government Promissory Notes. The financial resources of the college are sufficient for its continued maintenance, as the expenses will be met from the fees of the students and Government Grants for which application will be made in due course.

Funds for non-recurring expenditure as building, furniture, will be supplied by subscriptions and Mission Funds, supplemented by Government Grants.

(*h*) As there is no college in the neighbourhood, the affiliation of this college will in no way be injurious to the interests of education or discipline. The opening of the Intermediate classes, and eventually of the B. A. Course, will be the natural complement of the High

Schools, European and Indian, which the institute have been conducting for fifty years in South Kanara and North Malabar down to Trivandrum. It will likewise supply a long-felt want, since a good many of its successful pupils have hitherto had to go far for it.

Though intended primarily for Catholics, the college will nevertheless be open to girls of all castes and creeds, for whom special residential quarters are provided within the premises.

(i) The College rules fixing fees have been so framed as to involve no competition with any existing college as would be injurious to the interests of education. The fees to be levied will be a little above half the standard rates *viz.* Rs. (50) fifty per annum.

Assurance is hereby given that after the college is affiliated any transference of management and all changes in the Teaching Staff will be forthwith reported to the Syndicate.

Any recommendations that the Syndicate may deem fit to make, we are prepared to carry out.

APPENDIX.

Letter No. 9300, dated 13th December 1920, from the Registrar, University of Madras, to Miss de la Hey and Srimathi Parukutti Amma.

I have the honour to inform you that an application No. 64, dated 16th October 1920 has been received from the Correspondent, St. Ann's Girls' High School, Mangalore, for the affiliation of the institution to the University in Group III of the Intermediate Courses of study with Kanarese, Malayalam and French for selected languages. The Syndicate has appointed you a commission with Miss de la Hey as Convener, to conduct a local inquiry at the institution in accordance with the provisions of section 21 (2) (a) of the Indian Universities Act, 1904. It is presumed that you will be willing to accept appointment, a condition of which is that the report

The report of the local inquiry which should cover all questions raised in section 21 of the Act and in the Regulations relating to affiliation, should be submitted to the Syndicate without being disclosed to the management of the Institution.

In this connection, I am directed by the Syndicate to invite your attention to a suggestion of the Director of Public Instruction, that Inspection Commissions should make a point of meeting Inspectors or Inspectresses of Schools while on tour as the latter are in possession of a large amount of information regarding colleges and local educational conditions, much of which may be available to the University. The Director of Public Instruction is requested to advise the Inspectress of Schools of the circle concerned to arrange to meet the commission on the day of the local inquiry.

The Convener of the Commission, to whom the application and connected papers including plans are forwarded herewith in original, is requested to arrange the date of the local inquiry at an early date in consultation with the management of the St. Ann's High School, Mangalore.

Copy communicated to the Director of Public Instruction, with the request that the Inspectress of Schools of the Circle concerned may be advised to arrange to meet the Commission on the date of local inquiry.

Letter No 9302, dated 13th December 1920. from the Registrar, University of Madras, to the Correspondent, St. Ann's Girls' High School, Mangalore.

With reference to your application No. 64 dated 16th October 1920 for the affiliation of your institution to the University in Group iii of the Intermediate courses of study with Kanarese, Malayalam and French for selected languages, and connected correspondence on the subject, I have the honour, by direction, to inform you that the Syndicate has appointed a Commission consisting of Miss de la Hey and Srimathi Parukutti Amma, with the former as convener, to conduct a local inquiry at your institution under section 21 (2) of the Indian Universities Act, 1904. Miss de la Hey has been requested to arrange the date of the local inquiry in consultation with the Management of the school.

Report dated 6th February, 1921 from Miss D. de la Hey and Mrs. Parukutty Amma on the application for the affiliation of St. Ann's Girls' High School Mangalore.

We have the honour to report that as requested in your letter No. 9360 dated 13-12-1920 we conducted the local enquiry regarding the affiliation of St. Ann's Girls' High School, Mangalore, as a second grade college providing instruction in group III with Kanarese, Malayalam, and French, elected languages, at Mangalore, on Saturday January 29, 1921.

On the morning of January 29th, we interviewed the Rev. Mother Aloysia, Sister Candida, and Sister Mary Agnes, at St. Ann's Convent. In the afternoon, accompanied by the Rev. Mother Aloysia and Sister Candida, we inspected the site and the building under construction where it is proposed to locate the College at all events for the first two years.

With reference to the questions raised in 21 (1) of the Indian Universities Act 1904—

(a) The College is to be under the management of a Governing Body, consisting of the Rt. Rev. Paul Perini S. J., D. D., Bishop of Mangalore, the Rev. Mother Aloysia and six others; four of whom will be members of the teaching staff of the College. The members of this committee are nominated by the Rev. Mother, subject to the approval of the Bishop, and they are members by virtue of the offices they hold, as Headmistress of St. Ann's High School, Headmistress of St. Ann's Training School, and members of the staff of the proposed College. There are two lay teachers among the College staff, but we were told that as soon as sisters of the Convent are qualified to take their places, the teaching will be provided for entirely by members of the community itself. In the letter requesting affiliation it is stated that "The Committee has been incorporated under Act XXI of 1860." The Committee referred to here however is that of the educational institutions of the Mission of the Diocese as a whole; there has been no separate in corporation of this governing body of the proposed College.

The Governing Body is to have entire control of the external and internal management of the College. It will be seen from the above facts that the management of the College is practically in the hands of the Rev. Mother.

(*b*) It is proposed to give instruction in the Intermediate courses of study, offering Group III (Ancient History, Modern History, Logic, Kanarese, Malayalam and French). The three languages mentioned will also be offered for Part I. B.

The staff is sufficient for the work proposed. As to qualifications, the two lay teachers, Miss Leeks and Miss Beale, are already graduates. Sister Candida has to take Part II. Group V (History and French) and Sister Mary Agnes Part II. Group V (History and Political Science) at the next B.A. Degree Examination. The authorities of St. Aloysius' College have promised to provide a well qualified graduate for teaching Kanarese.

Miss Leeks, who is to lecture in Logic, took Logic as a subject only as far as the Intermediate stage. Sister Mary Agnes, who is to teach Malayalam, also took Malayalam as a subject only as far as the Intermediate stage. Malayalam, however, is her mother tongue, and we were told that she has done a considerable amount of private study in the language. None of these ladies hold the L.T. Degree.

Regarding tenure of office, Miss Leeks and Miss Beale have made a verbal agreement to serve for one year. No arrangements are contemplated for making their tenure of office more permanent, since, as stated above, it is intended to replace the lay teachers by Sisters. For this reason also no provident fund is being formed.

(*e*) and (*f*). The site acquired at Bendore by St. Ann's Convent for its High School and the proposed College has an area of 12 acres. It is situated on lofty ground in the healthiest part of Mangalore. There is a good water supply. There is plenty of room to make provision for games and recreation. It is altogether a most satisfactory and a most beautiful position for such an institution.

The building now under construction which, it is hoped, will be completed in June next, was originally intended as a boarding house for the High School. Now, however, with the permission of the Director of Public Instruction, part of it is to be used for the College classes and Hostel. The intention is, within two years to move the College classes to another building to be constructed within the same compound. As the present building occupies the most commanding position on the site, we would recommend that it should be retained for the use of the College, and further accommodation be provided for the High School boarders.

The number of students in the two Intermediate Classes will probably not exceed 25 during the next two years. To accommodate these students it is proposed to use—

1. The large room (62" x 20") marked A. A. in the plan. This could be divided by moveable partitions into three, thus providing the two main class rooms and a third room to be utilised as a language class room.

2. The portion marked B.B. There is a partition wall as shown by the red line in the plan. It is proposed to use the small room thus made as the Principal's office. The rest of the space would be divided into two rooms to be used for the teaching of the other two languages.

3. The enclosed verandah marked C. C. Here it is proposed to place the library book cases and the clerk's office.

4. The spacemarked D.D. is available for any purpose as the staircase has been put elsewhere.

5. The portion marked E. E. is to be used as shown on the plan.

6. It is proposed to hold the three High School Classes in the big hall marked F. F. until a new building is erected. If, however, in the mean time, the College should require more space than that already allotted to it, the High School Classes will be moved elsewhere and this hall can then be used for College purposes.

7. The portion marked G. G. is to be used as Hostel quarters for the staff and students of the College. A large number of resident students is not expected.

We saw the cottages where it is proposed to house caste Hindu students if necessary. Some of these cottages need a good deal of improvement.

We saw the bathrooms and latrines and the site for the kitchen. All these appear to us to be quite satisfactory.

The ventilation and lighting of the main building are good.

The head of the College and the members of the teaching staff will reside on the premises. A Sister will be responsible for the discipline and physical welfare of the hostel students.

(*d*) The list of books to be bought for the College appears to us to provide a satisfactory nucleus for the formation of a library. We made certain suggestions for additions to the list which the authorities accepted.

(*e*) Affiliation is not sought in any branch of experimental science

(*g*) *Financial resources.*

Recurring expenditure.

The salaries offered to the staff appear to be satisfactory, and it has to be remembered, in this connection, that the intention is ultimately to form the staff entirely from the members of the community.

In calculating the recurring expenditure under the head of salaries, only the initial salary of each post has been reckoned (*vide* appendix A). If the average salary is taken the total would be higher than that in Appendix A. Therefore, under Salaries alone, the total annual expenditure comes to Rs. 11,040. This, taken together with expenditure on Repairs and on Library, comes to Rs. 11,840. Since the authorities do not expect to have as many as 40 students in the near future we would take the number of students at 25; therefore the fee income would be 50 x 25=Rs. 1,250. This leaves a balance of Rs. 10,590 as the total annual expenditure towards the maintenance of this College. If Government gives half of this the authorities will have to provide Rs. 5,295 per annum.

At their disposal they have got 1 lakh of Rupees. This is invested as follows :—

	Rs.	A.	P.	
Coimbatore District Urban Bank ...	30,274	10	0	at 6¾ per cent.
Imperial Bank of India ...	33,496	14	0	at 5 per cent.
Government Promissory Notes including War Loan	32,100	0	0	partly at 4 per cent. „ „ 3½ per cent.
Post Office Savings Bank ...	4,196	8	8	at 3 per cent.

This should bring in an income, roughly, of Rs. 5,050 per annum. It will thus be seen that the fund set apart is not quite sufficient for the continued maintenance of the College. The Rev. Mother has a further fund, amounting to Rs. 20,586—3—1, which she is at full liberty to use as she pleases. We suggest that this amount should be added to the corpus of the College fund, so at the continued maintenance of the College should be better guaranteed.

Non-recurring Expenditure.

A fund has been formed to meet the expense of building. The total estimate of the whole building scheme is Rs. 99,210. Of this Rs. 60,658 has been already spent. A sum of Rs. 38,552 is therefore required to complete the scheme. This is to be provided for by a Government grant of Rs. 32,000, leaving a balance of Rs. 6,552 to be met by the management. The latter sum, together with any further amount required for building, furniture, etc., will be met, we were told, by subscriptions and by a grant from the general fund of the Diocese of South Kanara and North Malabar.

(h) & (i). The fees to be levied are slightly above half standard rates. As there is no Women's College nearer to Mangalore than Madras or Trivandrum the question of competition with other colleges in the same neighbourhood does not arise.

There are several girls' High Schools in South Kanara, Malabar, and Cochin State which will act as feeders to this college. Some six of these are under the control of the same community of the Apostolic Carmel.

We had hoped to meet the Inspectress of Schools, Western Circle. As, however, a transfer had recently taken place, the Deputy Directress of Public Instruction advised that the Inspectress should be required to furnish information only, without coming in person. We suggested that an Assistant Inspectress, familiar with the educational needs of the locality, might be deputed in her stead, and it was accordingly arranged that the Sub-Assistant Inspectress in charge of the South Canara District should meet us at Mangalore on January 29th.

She, however, did not put in an appearance. On returning to Madras, we wrote to Miss. Lazarus, who was Inspectress of Girls' Schools, Western Circle, until quite recently, and asked her whether she considered that the College proposed would meet a real need of the district.

She answered us as follows :

"I am sure a second grade college for women at Mangalore will meet a real need. During my recent inspections of girls' Secondary schools all along the West Coast both parents and pupils personally requested the opening of a Women's College. The College, if opened, will certainly be a success."

Already eight students, who have permission from the University to appear privately for the Intermediate Examination, are studying at St. Ann's Convent; their tuition being at present provided from St. Aloysius' College.

As stated in the letter of application, the College is primarily intended for Catholic girls, but girls of other creeds can have no objection to joining this College, since attendance at classes in which religious instruction is given will be entirely voluntary.

Taking into consideration the facts detailed above, and remembering the continuous success which has followed the educational work of this community for the past fifty years, we recommend the affiliation of the College.

The application and connected papers including plans are herewith returned. We have also annexed two financial statements referring to the funds for the recurring and non-recurring expenditure.

Telegram No. 1332 dated 14th February 1921, from the Registrar, University of Madras, to the Correspondent, St. Ann's High School, Mangalore.

Syndicate requires assurance that the fund of about Rs. 20,586 at present at the disposal of Mother Superior will be forthwith transferred to the Capital Account of the proposed new college. Wire reply and send letter of confirmation.

Reply telegram dated 15th February 1921, from the Correspondent, St. Ann's High School Mangalore, to the Registrar, University of Madras.

Insured funds will be transferred college capital.

The Syndicate considered the above telegram together with the whole correspondence in circulation on the 15th February 1921, and resolved to recommend to the Senate that it record its opinion that the application for affiliation may be granted by the Government.
